

Estate Cleaning Review Schedule 2014

Every month the Estate Services Manager will conduct a review of the cleaning and grounds maintenance services received by your estate.

All residents are invited and are welcome to join the Estate Services Manager in the review. Residents interested in sharing their views should meet on the date and time specified below (exact locations will be published on notice boards).

The review will score each element of cleaning and grounds maintenance to then provide an overall score for your estate against the following scoring system:

1-2	Intervention needed by manager
3-4	Action Required / Good
5-6	Very Good / Excellent

The review by the Estate Services Manager is complimented by a quarterly inspection carried out by your Directors to ensure the transparency of the services provided.
